ABOUT ME

"I am Salah Eddine Khenfer , a Last-year student in Computer Science. I enjoy sitting in front of the computer and coding. I also have experience in Full stack Developer .
I love reading and reading books, especially scientific books, and I also have a love for sports

EDUCATION

Computer Science
Université Kasdi Merbah de
Ouargla

2021 - 2024

WORK EXPERIENCE

○ Jan 2023
somu Raqami , touggourt
Front end developer

When I worked in this company, I was inexperienced in the field of working in companies, especially dealing with a group. Then, after joining them, I learned a lot and a lot, and I am still learning.

○ Feb 2024
Sila agency , Algeria

In my current role as a web developer, I specialize in crafting visually compelling and user-friendly interfaces, collaborating closely with design teams to bring creative visions to life while ensuring seamless user experiences across various devices and browsers.
